MUSE
C-6620
\$451 list

The Muse is a standard elongated bowl and comes standard with a slim, Silent Close, quick-release seat. Or upgrade with the full-featured iWash S-12 bidet seat for a luxury experience with every use.

What is a Rimless Bowl?

Traditional toilet bowls have small jet holes under the rim where water is released to flow into the bowl when the toilet is flushed. These jet holes can be difficult to clean thoroughly - especially in areas where hard water is a problem. Our Rimless Bowl design eliminates bacteria and mineral build-up with a completely open bowl rim. When the toilet is flushed, two large jets at the back of the bowl release a significant volume of water into the bowl for maximum bowl cleaning.
