

ICERA

IWASH™

THE NEXT LEVEL OF COMFORT

CS-22 INTELLIGENT TOILET

The Icera iWash CS-22 intelligent toilet boasts an array of luxurious features that redefine bathroom comfort and convenience. With integrated bidet functionality and an automatic open & close seat and lid, the iWash CS-22 provides a personalized and hygienic cleansing experience.

A heated seat and adjustable water temperature add an extra layer of comfort. The sleek design coupled with cutting-edge technology elevates the overall bathroom experience, offering users a touch of sophistication and innovation. This upscale upgrade includes built-in aromatherapy for a refreshing deodorizing effect and an LED in-bowl nightlight for added convenience.
