# SMART

## TANKLESS TOILET

The ICERA iWash CS-17 brings elegant simplicity and smart functionality together in a refined, compact design. Its sleek, low-profile design includes a foot sensor-activated auto flush with a backup manual option, offering intuitive, touch-free convenience with every use.

Experience added comfort with a heated seat and customizable temperature settings for a more relaxing bathroom visit. An integrated LED nightlight softly illuminates the bowl for ease during nighttime use. The powerful 1.28 GPF high-efficiency siphonic flush, enhanced by a double-jet rimless design, ensures superior bowl cleaning every time. Certified compliant to exceed cUPC and ETL safety standards, the CS-17 is built for long-term reliability and confidence.

Model No.: CS-17.01
